AN ACT TO AMEND CHAPTER 45 OF THE GENERAL STATUTES, RELATING TO SALES UNDER A POWER OF SALE IN A MORTGAGE, DEED OF TRUST OR CONDITIONAL SALE CONTRACT.

The General Assembly of North Carolina do enact:

SECTION 1. Chapter 45 of the General Statutes of North Carolina is hereby amended by inserting a new Article immediately following Article 3 and immediately preceding Article 4, to be designated as Article 3A, reading as follows:

"Article 3A. Sales Under Power of Sale. Art. 3A. Sales under Power of Sale, enacted.

(2) A power of sale provided by statute with respect to a mortgage or deed of trust of personal property, or conditional sale contract, which does not contain an express power of sale.

"SEC. 45-21.2. Article not applicable to foreclosure by court action. This Article does not affect any right to foreclosure by action in court, and is not applicable to any such action. G. S. 45-21.2. Actions for foreclosure, excepted from Act.

"SEC. 45-21.3. Days on which sale may be held. A sale may be held on any day except Sunday. G. S. 45-21.3. Days of sale.

"SEC. 45-21.4. Place of sale of real property. (a) Every sale of real property shall be held in the county where the property is situated unless the property consists of a single tract situated in two or more counties. G. S. 45-21.4. Place of sale of real property.

(b) A sale of a single tract of real property situated in two or more counties may be held in any one of the counties in which any part of the tract is situated. As used in this Section, a "single tract" means any tract which has a continuous boundary, regardless of whether parts thereof may have been acquired at different times or from different persons, or whether it may have been subdivided into other units or lots, or whether it is sold as a whole or in parts. "Single tract" in two or more counties.

(c) When a mortgage or deed of trust with power of sale of real property designates the place of sale within the county, the sale shall be held at the place so designated. Designation of place of sale in lien.

(d) When a mortgage or deed of trust with power of sale of real property confers upon the mortgagee or trustee the right to designate the place of sale, the sale shall be held at the place within the county designated by the mortgagee or trustee in the notice of sale. Designation of place of sale by trustee.

(e) When a mortgage or deed of trust with power of sale of real property does not designate, or confer upon the mortgagee or trustee the right to designate, the place of sale, or when it designates as the place of sale some county in which no part of the property is situated, such real property shall be sold as follows: When sales are to be held at courthouse door.

(1) Property situated wholly within a single county shall be sold at the courthouse door of the county in which the land is situated.

(2) A single tract of property situated in two or more counties may be sold at the courthouse door of any one of the counties in which some part of the real property is situated.

G. S. 45-21.5. Place of sale of personal property.

"SEC. 45-21.5. Place of sale of personal property. (a) When a mortgage, deed of trust or conditional sale contract designates the county in which a sale of personal property shall be held or the place of sale within the county, the terms of the instrument shall be complied with.

(b) When the instrument does not designate the county in which a sale of personal property shall be held, the sale may be held in any county—

(1) When such instrument is recorded, if it has been recorded as provided by G. S. 47-20 or G. S. 47-23; or

(2) Where the property, or any part thereof, is located when the mortgagee, trustee or vendor takes possession of, or repossesses, it.

(c) When the instrument does not designate the particular place of sale within the county, the sale shall be held at such place therein as is designated in the notice of sale by the mortgagee, trustee or vendor.

G. S. 45-21.6. Presence of personal property at sale required.

"SEC. 45-21.6. Presence of personal property at sale required. The person holding a sale of personal property shall have the property present at the place of sale unless—

(1) The instrument containing the power of sale specifically provides otherwise, or

(2) Prior to the sale, the Clerk of the Superior Court in his discretion, upon application of any interested party, and upon notice being given, as provided by Article 48 of Chapter 1, to all parties in interest, issues an order authorizing the sale to be held without the property being present because the nature, condition or use of the property is such that the clerk deems it impractical or inadvisable to require the presence of the property at the sale. In such event, the order shall provide that reasonable opportunity be afforded prospective bidders to inspect the property prior to the sale, and that notice as to the time and place for inspection be set out in the notice of sale.

G. S. 45-21.7. Sale of separate tracts of real property in different counties.

"SEC. 45-21.7. Sale of separate tracts in different counties. (a) When the property to be sold consists of separate tracts of real property situated in different counties, there shall be a separate advertisement, sale and report of sale of the property in each county. The report of sale for the property in any one county shall be filed with the Clerk of the Superior Court of the county in which such property is situated. The sale, and each

subsequent resale, of each such tract shall be subject to a separate upset bid. The Clerk of the Superior Court of the county where the property is situated has jurisdiction with respect to resale of property situated within his county. To the extent the clerk deems necessary, the sale of each separate tract within his county, with respect to which an upset bid is received, shall be treated as a separate sale for the purpose of determining the procedure applicable thereto.

(b) The exercise of the power of sale with respect to a separate tract of property in one county does not extinguish or otherwise affect the right to exercise the power of sale with respect to tracts of property in another county to satisfy the obligation secured by the mortgage or deed of trust.

G. S. 45-21.8. Sale as a whole or in parts.

"SEC. 45-21.8. Sale as a whole or in parts. (a) When the instrument pursuant to which a sale is to be held contains provisions with respect to whether the property therein described is to be sold as a whole or in parts, the terms of the instrument shall be complied with.

(b) When the instrument contains no provisions with respect to whether the property therein described is to be sold as a whole or in parts, the person exercising the power of sale may, in his discretion, subject to the provisions of G. S. 45-21.9, sell the property as a whole or in such parts or parcels thereof as are separately described in the instrument, or he may offer the property for sale by each method and sell the property by the method which produces the highest price.

(c) This Section does not affect the equitable principle of marshaling assets.

G. S. 45-21.9. Amount of property to be sold when sold in parts.

"SEC. 45-21.9. Amount to be sold when property sold in parts; sale of remainder if necessary. (a) When a person exercising a power of sale sells property in parts pursuant to G. S. 45-21.8 he shall sell as many of such separately described units and parcels as in his judgment seems necessary to satisfy the obligation secured by the instrument pursuant to which the sale is being made, and the costs and expenses of the sale.

(b) If the proceeds of a sale of only a part of the property are insufficient to satisfy the obligation secured by the instrument pursuant to which the sale is made and the costs and expenses of the sale, the person authorized to exercise the power of sale may readvertise the unsold property and may sell as many additional units or parcels thereof as in his judgment seems necessary to satisfy the remainder of the secured obligation, and the costs and expenses of the sale. The readvertisement of such sale shall be made as provided by G. S. 45-21.17 in the case of real property or G. S. 45-21.18 in the case of personal property.

(c) When the entire obligation has been satisfied by a sale of only a part of the property with respect to which a power of sale exists, the lien on the part of the property not so sold is discharged.

(d) The fact that more property is sold than is necessary to satisfy the obligation secured by the instrument pursuant to which the power of sale is exercised does not affect the validity of the title of any purchaser of property at any such sale.

G. S. 45-21.10. Cash deposit; amount required.

"SEC. 45-21.10. Requirement of cash deposit at sale. (a) If a mortgage or deed of trust contains provisions with respect to a cash deposit at the sale, the terms of the instrument shall be complied with.

(b) If the instrument contains no provision with respect to a cash deposit at the sale, the mortgagee or trustee holding the sale of real property may require the highest bidder immediately to make a cash deposit not to exceed ten per cent (10%) of the amount of the bid up to and including $1,000, plus five per cent (5%) of any excess over $1,000.

(c) If the highest bidder fails to make the required deposit, the person holding the sale may at the same time and place immediately reoffer the property for sale.

G. S. 45-21.11. Serial notes, application of statute of limitations.

"SEC. 45-21.11. Application of statute of limitations to serial notes. When a series of notes maturing at different times is secured by a mortgage, deed of trust or conditional sale contract and the exercise of the power of sale for the satisfaction of one or more of the notes is barred by the statute of limitations, that fact does not bar the exercise of the power of sale for the satisfaction of indebtedness represented by other notes of the series not so barred.

G. S. 45-21.12. Power of sale barred when action to foreclose is barred.

"SEC. 45-21.12. Power of sale barred when foreclosure barred. (a) Except as provided in Subsection (b), no person shall exercise any power of sale contained in any mortgage, deed of trust or conditional sale contract, or provided by statute, when an action to foreclose the mortgage or deed of trust, or to enforce the conditional sale contract, is barred by the statute of limitations.

(b) If a sale pursuant to a power of sale contained in a mortgage, deed of trust or conditional sale contract, or provided by statute, is commenced within the time allowed by the statute of limitations to foreclose such mortgage or deed of trust, or to enforce such conditional sale contract, the sale may be completed although such completion is effected after the time when commencement of an action to foreclose would be barred by the statute. For the purpose of this Section, a sale is commenced when the notice of the sale is first posted or published as provided by this Article or by the terms of the instrument pursuant to which the power of sale is being exercised.

"SEC. 45-21.13. Conditional sale contract; mortgage or deed of trust of personal property; statutory power of sale. When a conditional sale contract or mortgage or deed of trust of personal property, does not contain an express power of sale, a power of sale is hereby conferred upon the vendor, mortgagee or trustee, which power may be exercised in the same manner as an express power of sale, except as provided by G. S. 45-21.18.

G. S. 45-21.13. Statutory power of sale; conditional sales, etc., of personal property.

"SEC. 45-21.14. Clerk's authority to compel report or accounting; contempt proceeding. Whenever any person fails to file any report or account, as provided by this Article, or files an incorrect or incomplete report or account, the Clerk of the Superior Court having jurisdiction on his own motion or the motion of any interested party, may issue an order directing such person to file a correct and complete report or account within twenty days after service of the order on him. If such person fails to comply with the order, the clerk may issue an attachment against him for contempt, and may commit him to jail until he files such correct and complete report or account.

G. S. 45-21.14. Clerk's authority to compel report or accounting.

Contempt proceedings.

(g) Resales may be had as often as upset bids are submitted in compliance with this Article.

(h) Except as otherwise provided in this Section, all the provisions of this Article applicable to an original sale are applicable to resales.

G. S. 41-11.1, enacted.

"G. S. 41-11.1. Wherever there is a gift, devise, bequest, transfer or conveyance of a vested estate or interest in real or personal property, or both, to persons described as a class, and, at the effective date thereof, one or more members of the class are in esse, and there is a possibility in law that the membership of the class may later be increased by one or more members not then in esse, a special proceeding may be instituted in the Superior Court for the sale, lease or mortgage of such real or personal property, or both, as provided in this Section.

Venue of special proceedings for sale or lease.

"All petitions filed under this Section wherein an order is sought for the sale, lease or mortgage of real property, or of both real and personal property, shall be filed in the office of the Clerk of the Superior Court of the county in which all or any part of the real property is situated. If the order sought is for the sale, lease or mortgage of personal property, the petition may be filed in the office of the Clerk of the Superior Court of the county in which any or all of such personal estate is situated.

Parties to proceedings.

Guardian ad litem for parties not in esse.

"All members of the class in esse shall be parties to the proceeding, and where any of such members are under legal disability, their duly appointed general guardians or their guardians ad litem shall be made parties. The Clerk of the Superior Court shall appoint a guardian ad litem to represent the interests of the possible members of the class not in esse, and such guardian ad litem shall be a party to the proceeding.

Terms of sale or lease, etc.

Confirmation by resident or presiding judge.

Bond of trustee.

"Upon a finding by the Clerk of the Superior Court that the interests of all members of the class, both those in esse and those not in esse, would be materially promoted by a sale, lease or mortgage of any such property, he shall enter an order that the sale, lease or mortgage be made, and shall appoint a trustee to make such sale, lease or mortgage, in such manner and on such terms as the clerk may find to be most advantageous to the interests of the members of the class, both those in esse and those not in esse; but no sale, lease or mortgage shall be made, or shall be valid, until approved and confirmed by the resident judge of the district, or the judge holding the courts of the district. As a condition precedent to receiving the proceeds of the sale, lease or mortgage, the trustee shall be bonded in the same manner as a guardian for minors.

Respective interest of parties in proceeds.

"In the event of a sale of any such property, the proceeds of sale shall be owned in the identical manner as the property was owned immediately prior to the sale; *provided*, the trustee appointed by the clerk as provided above may hold, manage, invest and reinvest said proceeds for the benefit of all members of the class, both those in esse and those not in esse, until the occurrence of the event which will finally determine the identity of all members of the class; all such investments and reinvestments shall be made in accordance with the laws of North Carolina relating to the investment of funds held by guardians or minors; and all the provisions of G. Application of proceeds of lease.

"In the event the court orders a lease of the property, the proceeds from the lease shall be first used to defray the expenses, if any, of the upkeep and maintenance of the property, and the discharge of taxes, liens, charges and encumbrances thereon, and any remaining proceeds shall be paid over by the trustee in their entirety, not less often than annually, in equal shares to the living members of the class as they shall be constituted at the time of each such payment or to the duly appointed guardians of any such members under legal disability.

Disbursement of income to members in esse.

"Payments of income to the living members of the class as aforesaid shall constitute a full and final acquittance and disposition of the income so paid, it being the intent of this Section that only the living members of the class (as they may be constituted at the time of each respective income payment) shall be entitled to the income which is the subject of the respective payment, and that possible members of the class not in esse shall not share in, or become entitled to the benefit of any income payment made prior to the time that such members are born and become living members of the class.

Assignment of interest by members of legal age.

"In the event that there has been a sale of any of the property, and the proceeds of sale are being held, managed, invested and reinvested by a trustee as provided above, any member of the class who is of legal age and who is not otherwise under legal disability may sell, assign and transfer his entire right, title and interest (both as to principal and income) in the funds

Upon receiving written notice of such sale, assignment or transfer, the trustee shall recognize the purchaser, assignee and transferee as the lawful successor in all respects whatsoever to the right, title and interest (both as to principal and income) of the seller, assignor and transferor; but no such sale, transfer or assignment shall divest the trustee of his legal title in, or possession of, said funds or investments or (except as provided above) affect his administration of the trusts for which he was appointed.

Purposes for which clerk may authorize mortgage of property.

"The court shall order a mortgage of the property only for one or more of the following purposes: (1) to provide funds for the costs and expenses of court incurred in carrying out any of the provisions of this Section; (2) to provide funds for the necessary upkeep and maintenance of the property; (3) to make reasonable improvements to the property; (4) to pay off taxes, other existing liens, charges and encumbrances on the property. The mortgagee shall not be held responsible for the application of the funds secured or derived from the mortgage. As used in this Section, references to mortgages shall also apply to deeds of trust executed for loan security purposes.

"Every trustee appointed pursuant to the provisions of this Section shall file with the Clerk of the Superior Court an inventory and annual accounts in the same manner as is now provided by law with respect to guardians.

Commissions to Trustee.

"The Superior Court shall allow commissions to the trustee for his time and trouble in the effectuation of a sale, lease or mortgage, and in the investment and management of the proceeds, in the same manner and under the same rules and restrictions as allowances are made to executors, administrators, and collectors.

Terms of instruments creating estates unaffected by Act.

"*Provided, however,* this Section shall not be applicable where the instrument creating the gift, devise, bequest, transfer or conveyance specifically directs, by means of the creation of a trust or otherwise, the manner in which the property shall be used or disposed of, or contains specific limitations, conditions or restrictions as to the use, form, investment, leasing, mortgage, or other disposition of the property.

Construction and Purpose of Act.

"And *provided further,* this Section shall not alter or affect in any way laws or legal principles heretofore, now, or hereafter existing relating to the determination of the nature, extent or vesting of estates or property interests, and of the persons entitled thereto. But where, under the laws and legal principles existing without regard to this Section, a gift, devise, bequest, transfer or conveyance has the legal effect of being made to all members of a class, some of whom are in esse and some of whom are in posse, the procedures authorized hereby may be utilized for the purpose of promoting the best interests of all members of the class, and this Section shall be liberally

construed to effectuate this intent. The remedies and procedures herein specified shall not be exclusive, but shall be cumulative, in addition to, and without prejudice to, all other remedies and procedures, if any, which now exist or hereafter may exist either by virtue of statute, or by virtue of the inherent powers of any court of competent jurisdiction, or otherwise. Remedies provided declared supplemental.

"The provisions of this Section shall apply to gifts, devises, bequests, transfers, and conveyances made both before and after the effective date of this Section." Application of Act.

The General Assembly of North Carolina do enact:

SECTION 1. That Article 6 of Chapter 130 of the General Statutes shall be and the same is hereby amended as follows:

G. S. 130-39, corporate powers of sanitary districts, amended.

(1) By changing Subsection 10 of Section 130-39 to read as follows: "10. After adoption of a plan as provided in Section 130-44, the sanitary district board may, in its discretion, alter or modify such plan if, in the opinion of the State Board of Health,

such alteration or modification does not constitute a material deviation from the objective of such plan. Such alteration or modification may provide among other things for the construction of a water line for the supply of any person, firm, corporation, city, town, village or political subdivision of the State either within and/or without the corporate limits of the district instead of a sewage disposal line and other improvements, where such alteration or modification would permit the disposal of sewage at a point nearer the district either within and/or without the corporate limits, thereby contaminating the prevailing water supply of the person, firm, corporation, city, town, village or political subdivision of the State to whom the water is to be supplied and would effect a saving to the district, and the sanitary district board may appropriate or reappropriate money of the district for carrying out such plan as altered or modified."

(2) By changing Section 130-44 to read as follows: "130-44. Consideration of Reports and Adoption of a Plan. The plan adopted as aforesaid shall be submitted by the sanitary district board to the State Board of Health and shall not become effective unless and until it is approved by the State Board of Health.

"The provisions of this Section and of Section 130-43 shall apply when it shall have been determined by the sanitary district board that consummation of the plan is predicated upon the issuance of bonds of the district, except that they shall not apply in a proposed purchase of firefighting equipment and apparatus. Failure to observe or comply with said provisions shall not, however, affect the validity of any bonds of a sanitary district which may be hereafter issued pursuant to this Article."

When exceptions are filed, as herein provided, it shall be the duty of the commission to consider the same and if sufficient reason appears therefor, to grant such review or make such order or hold or authorize such further hearing or proceeding in the premises as may be necessary or proper to carry out the purposes of this Chapter. Such order shall take effect and become operative as designated therein and shall continue in force either for a period which may be designated therein, or until changed or revoked by the commission. If an order cannot, in the judgment of the commission, be complied with within the time designated therein, the commission may grant and prescribe such additional time, as in its judgment is reasonably necessary to comply with the order, and may, on application and for good cause shown, extend the time for compliance fixed in its order.

tive date of the order as to which a rehearing is sought shall be either granted or denied before such effective date, or the order shall then be suspended until such application is granted or denied. Any application for rehearing made within less than ten days before the effective date of the order as to which a rehearing is sought, and not granted within twenty days shall be deemed to be denied, unless the effective date of the order is extended for the period of the pendency of the application. If the application for rehearing is granted, the commission shall proceed to hear and decide the matter with all dispatch. The commission may decide the questions of law and fact raised by the petition to rehear upon the record previously made or order its record reopened and take additional evidence and make its decision upon the original record as amended. Within thirty days after the rendition of a decision on rehearing, if the decision fails to grant the full relief prayed for in the petition, or within thirty days after a decision becomes final by reason of the failure of the commission to act, the petitioner may appeal to the Superior Court by filing written notice of such appeal with the commission and serving a copy thereof upon the original complainant, if any, and mailing a copy to each party to the proceeding to the addresses as they appear in the files of the commission in the proceeding. The failure of any party, other than the complainant and the commission, to be served with or to receive a copy of the notice of appeal shall not affect the validity or regularity of the appeal. Within ten days after the filing of the notice of appeal, unless the time be extended by order of the court or by consent of the parties, the commission shall transmit the entire record in the proceeding, or a copy thereof, certified under the seal of the commission, to the Superior Court of a county agreed upon by the parties, or in the absence of such agreement to the Superior Court of a county in which the business involved in the proceeding is conducted, or is proposed to be conducted, or in which the remedy or relief sought is to be applied or enforced. The judge holding the courts of the county to which the record is sent or the resident judge of the judicial district embracing said county shall hear and determine all matters arising on such appeal, as in this Act provided, and may, in the exercise of discretion, remove the case to any other county. After final determination of the case on appeal, the Clerk of the Superior Court shall return to the commission such records as were transmitted by it to such court, together with a certified copy of the decision of the court.

G. S. 62-26.9. No evidence admitted on appeal; remission for further evidence.

"G. S. 62-26.9. No evidence admitted on appeal; remission for further evidence. No evidence shall be received at the hearing on appeal but if any party shall satisfy the court that evidence has been discovered since the hearing before the commission that could not have been obtained for use at that hearing by the exercise of reasonable diligence, and will materially affect the merits of the case, the court may, in its discretion, remand the record and proceedings to the commission with directions to take such subsequently discovered evidence, and after consideration thereof, to make such order as the commission may deem proper, from which order an appeal shall lie as in the case of any other final order, from which order an appeal may be taken as provided in G. S. 62-26.6, except that no additional petition for rehearing shall be required.

G. S. 62-26.10. Record on appeal; extent of review.

"G. S. 62-26.10. Record on appeal; extent of review. On appeal the court shall review the proceeding without a jury in chambers or at term time and such review shall be confined to the record as certified by the commission to the court, except that in cases of alleged irregularities in procedure before the commission, not shown in the record, testimony thereon may be taken in the court. So far as necessary to the decision and where presented, the court shall decide all relevant questions of law, interpret constitutional and stautory provisions, and determine the meaning and applicability of the terms of any commission action. The court may affirm or reverse the decision of the commission, declare the same null and void, or remand the case for further proceedings; or it may reverse or modify the decision if the substantial rights of the appellants have been prejudiced because the commission's findings, inferences, conclusions or decisions are:

Grounds for reversal or modification of decision of Commission.

(a) in violation of constitutional provisions, or

(b) in excess of statutory authority or jurisdiction of the commission, or

(c) made upon unlawful proceedings, or

(d) affected by other errors of law, or

(e) unsupported by competent, material and substantial evidence in view of the entire record as submitted, or

(f) arbitrary or capricious.

The court shall also compel action of the commission unlawfully withheld or unlawfully or unreasonably delayed. In making the foregoing determinations, the court shall review the whole record or such portions thereof as may be cited by any party and due

account shall be taken of the rule of prejudicial error. The appellant shall not be permitted to rely upon any grounds for relief on appeal which were not set forth specifically in his petition for rehearing by the commission. Upon any appeal to the Superior Court, the rates fixed, or any rule, regulation, finding, determination, or order made by the commission under the provisions of this Chapter, shall be prima facie, just and reasonable. If on any appeal the court may determine that an issue is presented which, for constitutional reasons, must be submitted to a jury, the court may order a jury trial as to such issue.

Appellant limited to contentions set forth in petition for rehearing.

Findings by Commission deemed prima facie just and reasonable.

"G. S. 62-26.11. Relief pending review on appeal. Pending judicial review, the commission is authorized, where it finds that justice so requires, to postpone the effective date of any action taken by it. Upon such conditions as may be required and to the extent necessary to prevent irreparable injury, except as provided in G. S. 62-136, the Judge of the Superior Court is authorized to issue all necessary and appropriate process to postpone the effective date of any action by the commission or take such action as may be necessary to preserve status or rights of any of the parties pending conclusion of the proceedings on appeal. The court may require the applicant for such stay to post adequate bond as required by the court.

G. S. 62-26.11. Relief pending review on appeal.

"G. S. 62-26.12. Appeal to Supreme Court. Any party may appeal to the Supreme Court from the judgment of the Superior Court under the same rules and regulations as are prescribed by law for appeals, except that the Utilities Commission, if it shall appeal, shall not be required to give any undertaking or make any deposit to assure the cost of such appeal, and such court may advance the cause on its docket so as to give the same a speedy hearing.

G. S. 62-26.12. Appeal to Supreme Court.

"G. S. 62-26.13. Judgment on appeal enforced by mandamus. In all cases in which, upon appeal, a judgment of the Utilities Commission is affirmed, in whole or in part, the appellate court shall embrace in its decree a mandamus to the appellant to put said order in force, or so much thereof as shall be affirmed, or the appellate court may make such other order as it deems appropriate.

G. S. 62-26.13. Judgment on appeal enforced by mandamus.

"G. S. 62-26.14. Peremptory mandamus to enforce order, when no appeal. If no appeal is taken from an order, decision or judgment of the Utilities Commission within the time prescribed by law and the utility, corporation, firm or person to which the order, decision or judgment is directed, fails to put the same in operation, as therein required, the Utilities Commission may apply to the judge riding the Superior Court District which embraces Wake County or to the resident judge of said district at chambers, or to the judge holding the Superior Court in any judicial district in which the business is conducted

SEC. 8. Board of adjustment—Such board of county commissioners may provide for the appointment of a board of adjustment consisting of five members, each to be appointed for three years, and shall provide what sums, if any, shall be paid to such board of adjustment as compensation; *provided* that the board of county commissioners in the appointment of the original members of such board of adjustment or in the filling of vacancies caused by the expiration of the terms of the existing members of any such board of adjustment, may make appointments of certain members for less than three years to the end that

Such board of county commissioners may, in its discretion, appoint two alternate members to serve on such board of adjustment in the absence, for any cause, of any regular member. (2) The commission shall prescribe the form of application and such reasonable requirements and information as may in its judgment be necessary. Form of application.

Conditions for issuance of license.

(5) The commission shall have the same authority over persons operating under and holding a brokerage license as it has over motor carriers under this Act, and shall require a broker to furnish bond or other security approved by the commission and sufficient for the protection of travelers by motor vehicle. In all cases, under this Section, the commission shall first afford the holders of certificates or permits operating in the territory affected an opportunity to render the emergency service. Upon the termination of the emergency the operating privileges so granted shall automatically expire and the commission shall forthwith withdraw all operating privileges granted to any person under this Section.

Finding of existence of emergency, and qualification of carrier.

Such policy, or bond, shall contain such other conditions, provisions and limitations as the commission may prescribe, and shall be kept in full force and effect.

Attachment proceedings precluded.

(2) Before final judgment has been rendered by a court of competent jurisdiction, in any cause arising from the operation under any certificate or permit, no attachment shall lie against

motor vehicles used in such operation by any motor vehicle carrier, who has filed with the commission such damage liability policy, or bond, so long as such policy or bond is in full force and effect.

(4) The commission may permit the filing by any licensed assurer of a uniform master insurance policy contract, the terms of which shall conform to the foregoing, and when approved and accepted by the commission, shall be applicable to all insurance policy contracts filed by such assurer for motor vehicle carriers under this Act, and thereafter, so long as the master policy contract shall remain in force, carriers under this Act may be permitted to file certificates, in such form as the commission may prescribe, evidencing fleet coverage under the term of such master policy instead of filing a separate individual policy contract in each case. The commission, when satisfied that passengers and the public will be fully protected against damage or loss, in the exercise of its discretion, may permit a common carrier or a contract carrier to become a self-insurer upon such terms and conditions as the commission may prescribe.

The applicant shall give not less than ten (10) days written notice of such application by registered mail to all connecting and competing carriers. When the commission is of the opinion that the transaction is consistent with the purposes of this Act, the commission may, in the exercise of its dicretion, grant its approval, *provided, however,* that when such transaction will result in a substantial change in the service and operations of any motor carrier party to the transaction, or will substantially affect the operations and services of any other motor carrier, the commission shall not grant its approval except upon notice and hearing as required in Section 10 upon an application for an original certificate or permit. In all cases arising under this Section it shall be the duty of the commission to require the successor carrier to satisfy the commission that the operating debts and ob-

The commission may attach to its approval of any transaction arising under this Section such other conditions as the commission may determine are necessary to effectuate the purposes of this Act. It shall be considered against the policy declared in Section 2 for any person to obtain a certificate or permit for the purpose of transferring the same to another, and an offer of such transfer within one year after the same was obtained shall be prima facie evidence that such a certificate or permit was obtained for the purpose of sale.

Obtaining certificate for purpose of sale declared against policy of Act.

Suspension or revocation of certificates and permits.

SEC. 21. Suspension or revocation of certificates and permits. (1) The certificates and permits issued under the provisions of this Act shall be effective from the date issued unless otherwise specified therein, and shall remain in effect until terminated under the terms thereof, or until suspended or revoked as herein provided.

Revocation after notice and hearing for failure to comply with Act or orders of Commission.

(2) Any certificate or permit may be suspended or revoked, in whole or in part, upon complaint or upon the commission's own initiative, after notice and hearing, for willful failure to comply with any provision of this Act, or with any lawful order, rule, or regulation of the commission promulgated thereunder, or with any term, condition, or limitation of such certificate or permit; *provided, however*, that any such certificate or permit may be suspended or revoked by the commission upon notice to the holder or lessee thereof without a hearing for any one or more of the following causes:

(a) For failure to comply with Section 19.

(b) For failure to file and keep on file with the commission applicable tariffs or schedules of charges as required in Section 22, Section 23 and Section 24.

(c) For failure to pay any gross receipt taxes, use or privilege taxes, due the State of North Carolina within six months after demand in writing from the agency of the State authorized by law to collect the same; *provided*, that this paragraph shall not apply to instances in which there is a bona fide controversy as to tax liability.

(d) For failure to begin operations as authorized by the commission within the time specified by order of the commission, or for suspension of authorized operations for a period of thirty (30) days without the written consent of the commission.

Rates and charges of common carriers.

SEC. 22. Rates and Charges of Common Carriers. (1) It shall be the duty of every common carrier of passengers by motor vehicle to establish reasonable through routes with other such common carriers and to provide safe and adequate service,

equipment, and facilities for the transportation of passengers; to establish, observe, and enforce just and reasonable individual and joint rates, fares, and charges and just and reasonble regulations and practices relating thereto, and to the issuance, form, and substance of tickets, the carrying of personal, sample and excess baggage, the facilities for transportation, and all other matters relating to or connected with the transportation of passengers; and in case of such joint rates, fares, and charges, to establish just, reasonable and equitable divisions, thereof as between the carriers participating therein which shall not unduly prefer or prejudice any such participating carriers.

Charges for transportation of passengers in intra-State commerce.

(2) All charges made for services rendered or to be rendered by any common carrier by motor vehicle in the transportation of passengers in intrastate commerce or in connection therewith shall be just and reasonable, and every unjust and unreasonable charge for such service, or any part thereof, is prohibited and declared to be unlawful. It shall be unlawful for any common carrier by motor vehicle engaged in intrastate commerce to make, give, or cause any undue or unreasonable preference or advantage to any particular person, place, locality, territory, or description of traffic, in any respect whatsoever, or to subject any particular person, place, locality, territory, or description of traffic, to any unjust discrimination or any undue or unreasonable prejudice or disadvantage in any respect whatsoever; *provided, however*, that this paragraph shall not be construed to apply to discrimination, prejudice, or disadvantage to the traffic of any other carrier of whatever description.

Complaints as to charges or other practices.

(3) Any person, State board, organization, or body politic may make complaint in writing to the commission that any such rate, fare, charge, classification, rule, regulation, or practice, in effect or proposed to be put into effect, is or will be in violation of this Section or of Section 23. Whenever, after hearing upon complaint or in an investigation on its own initiative, the commission shall be of the opinion that any individual or joint rate, fare, or charge, demanded, charged, or collected by any common carrier or carriers by motor vehicle or by any common carrier or carriers by motor vehicle in conjunction with any common carrier or carriers by railroad and/or express, and/or water, and/or air, or any classification, rule regulation, or practice whatsoever of such carrier or carriers affecting such rate, fare, or charge or the value of the service thereunder, is or will be unjust or unreasonable, or unjustly discriminatory or unduly preferential or unduly prejudicial, it shall determine and prescribe the lawful rate, fare, or charge or the maximum or minimum, or maximum and minimum rate, fare, or charge thereafter to be observed, or the lawful classification, rule, regulation, or practice thereafter to be made effective and the commission shall, whenever deemed by it to be necessary or desirable in the public interest, after hearing, upon complaint or

upon its own initiative without a complaint, establish through routes, and joint rates, fares, charges, regulations, or practices, applicable to the transportation of passengers by common carriers by motor vehicle, or the maxima or minima, or maxima and minima, to be charged, and the terms and conditions under which such through routes shall be operated.

Determination of equitable division of joint rates among several carriers.

(4) Whenever, after hearing, upon complaint or upon its own initiative, the commission is of opinion that the divisions of joint rates, fares, or charges, applicable to the transportation of passengers by common carriers in conjunction with common carriers by railroad and/or express, and/or water, and/or air are or will be unjust, unreasonable, inequitable, or unduly preferential or prejudicial as between the carriers parties thereto (whether agreed upon by such carriers, or any of them, or otherwise established), the commission shall by order prescribe the just, reasonable, and equitable divisions thereof to be received by the several carriers; and in cases where the joint rate, fare, or charge was established pursuant to a finding or order of the commission and the divisions thereof are found by it to have been unjust, unreasonable, or inequitable, or unduly preferential or prejudicial, the commission may also by order determine what would have been the just, reasonable, and equitable divisions thereof to be received by the several carriers, and require, adjustment to be made in accordance therewith. The order of the commission may require the adjustment of divisions between the carriers, in accordance with the order, from the date of filing the complaint or entry of order of investigation or such other date subsequent as the commission finds justified and, in the case of joint rates prescribed by the commission, the order as to divisions may be made effective as a part of the original order.

Proposed schedules for new individual or joint rates, etc.

(5) Whenever there shall be filed with the commission any schedule stating a new individual or joint rate, fare, charge, or classification for the transportation of passengers by a common carrier or carriers by motor vehicle, or by any such carrier or carriers in conjunction with a common carier or carriers by railroad and/or express, and/or water and/or air or any rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, the commission is hereby authorized and empowered upon complaint of any interested party or upon its own initiative at once and, if it so orders, without answer or other formal pleading by the interested carrier or carriers, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such rate, fare, or charge, or such rule, regulation, or practice, and pending such hearing and the decision thereon the commission, by filing with such schedule and delivering to the carrier or carriers affected thereby a statement in writing of its reasons for such suspension, may from time to time suspend the operation of such schedule and defer the use of such rate, fare, or charge, or such rule, regulation,

or practice, but not for a longer period than one hundred eighty days beyond the time when it would otherwise go into effect; and after hearing, whether completed before or after the rate, fare, charge, classification, rule, regulation, or practice goes into effect; the commission may make such order with reference thereto as would be proper in a proceeding instituted after it had become effective. If the proceeding has not been concluded and an order made within the period of suspension, the proposed change of rate, fare, or charge, or classification, rule, regulation, or practice shall go into effect at the end of such period. At any hearing involving a change in a rate, fare, charge, or classification, or in a rule, regulation, or practice, the burden of proof shall be upon the carrier to show that the proposed changed rate, fare, charge, classification, rule, regulation, or practice is just and reasonable.

Evidence of value of property, etc., not admissible.

(6) In any proceeding to determine the justness or reasonableness of any rate, fare, or charge of any such carrier, there shall not be taken into consideration or allowed as evidence any elements of value of the property of such carrier, good will, earning power, or the certificate under which such carrier is operating; and in applying for and receiving a certificate under this part any such carrier shall be deemed to have agreed to the provisions of this paragraph, on its own behalf and on behalf of all transferees on such certificate.

Factors considered in determining rates and charges.

(7) In the exercise of its power to prescribe just and reasonable rates, fares, and charges for the transportation of passengers by common carriers by motor vehicle, and classifications, regulations, and practices relating thereto, the commission shall give due consideration, among other factors, to the inherent advantages of transportation by such carriers; to the effect of rates upon the movement of traffic by the carrier or carriers for which the rates are prescribed; to the need, in the public interest, of adequate and efficient transportation service by such carriers at the lowest cost consistent with the furnishing of such service; and to the need of revenues sufficient to enable such carriers, under honest, economical, and efficient management, to provide such service.

(8) Nothing in this Section shall be held to extinguish any remedy or right of action not inconsistent herewith.

Tariffs of common carriers.

SEC. 23. Tariffs of Common Carriers. (1) Every common carrier by motor vehicle shall file with the commission, and print, and keep open to public inspection, tariffs showing all the rates, fares, and charges for transportation, and all services in connection therewith, of passengers between points on its own route and points on the route of any such carrier, or on the route of any common carrier by railroad and/or express and/or water and/or air when a through route and joint rate shall have been established. Such rates, fares, and charges shall be stated in

terms of lawful money of the United States. The tariffs required by this Section shall be published, filed, and posted in such form and manner, and shall contain such information, as the commission by regulations shall prescribe; and the commission is authorized to reject any tariff filed with it which is not in consonance with this Section and with such regulations. Any tariff so rejected by the commission shall be void and its use shall be unlawful.

Conformity with rates specified in tariffs, required.

(2) No common carrier by motor vehicle shall charge or demand or collect or receive a greater or less or different compensation for transportation or for any service in connection therewith between the points enumerated in such tariff than the rates, fares, and charges specified in the tariffs in effect at the time; and no such carrier shall refund or remit in any manner or by any device, directly or indirectly, or through any agent or broker or otherwise, any portion of the rates, fares, or charges so specified, or extend to any person any privileges or facilities for transportation in intrastate commerce except such as are specified in its tariffs.

Proposed changes; notice.

(3) No change shall be made in any rate, fare, charge, or classification, or any rule, regulation, or practice affecting such rate, fare, charge, or classification, or the value of the service thereunder, specified in any effective tariff of a common carrier by motor vehicle, except after thirty days' notice of the proposed change filed and posted in accordance with paragraph 1 of this Section. Such notice shall plainly state the change proposed to be made and the time when such change will take effect. The commission may, in its discretion and for good cause shown, allow such change upon notice less than that herein specified or modify the requirements of this Section with respect to posting and filing of tariffs either in particular instances or by general order applicable to special or peculiar circumstances or conditions.

Filing and publication of rates, etc.

(4) No common carrier by motor vehicle, unless otherwise provided by this Act, shall engage in the transportation of passengers unless the rates, fares, and charges upon which the same are transported by said carrier have been filed and published in accordance with the provisions of this Act.

Schedule of charges of contract carriers.

SEC. 24. Schedule of charges of contract carriers. (1) It shall be the duty of every contract carrier to establish and observe reasonable minimum rates and charges for any service rendered or to be rendered in the transportation of passengers or in connection therewith, and to establish and observe reasonable regulations and practices to be applied in connection with said reasonable minimum rates and charges. It shall be the duty of every contract carrier to file with the commission, publish, and keep open for public inspection, in the form and manner prescribed by the commission, schedules containing the minimum rates or

charges of such carrier actually maintained and charged for the transportation of passengers in intrastate commerce, and any rule, regulation, or practice affecting such rates or charges and the value of the service thereunder. No such contract carrier, unless otherwise provided by this Act, shall engage in the transportation of passengers in intrastate commerce unless the minimum charges for such transportation by said carrier have been published, filed, and posted in accordance with the provisions of this Act. No reduction shall be made in any such charge either directly or by means of any change in any rule, regulation, or practice affecting such charge or the value of service thereunder, except after thirty days' notice of the proposed change filed in the aforesaid form and manner, but the commission may, in its discretion and for the good cause shown, allow such change upon less notice, or modify the requirements of this paragraph with respect to posting and filing of such schedules, either in particular instances or by general order applicable to special or peculiar circumstances or conditions. Such notice shall plainly state the change proposed to be made and the time when such change will take effect. No such carrier shall demand, charge, or collect a less compensation for such transportation than the charges filed in accordance with this paragraph, as affected by any rule, regulation, or practice so filed, or as may be prescribed by the commission from time to time, and it shall be unlawful for any such carrier, by the furnishing of special services, facilities, or privileges, or by any other device whatsoever, to charge, accept, or receive less than the minimum charges so filed or prescribed; *provided*, that any such carrier or carriers, or any class or group thereof, may apply to the commission for relief from the provisions of this paragraph, and the commission may, after hearing, grant such relief to such extent and for such time, and in such manner as in its judgment is consistent with the public interest and the transportation policy declared in this Act.

Notice of proposed reduction.

Collection of less than minimum rate, etc., prohibited.

(2) Whenever, after hearing, upon complaint or upon its own initiative, the commission finds that any minimum rate or charge of any contract carrier by motor vehicle, or any rule, regulation, or practice of any such carrier affecting such minimum rate or charge, or the value of the service thereunder, for the transportation of passengers or in connection therewith, contravenes the transportation policy declared in this Act, or is in contravention of any provision of this Act, the commission may prescribe such just and reasonable minimum rate or charge, or such rule, regulation, or practice as in its judgment may be necessary or desirable in the public interest and to promote such policy and will not be in contravention of any provision of this Act. Such minimum rate or charge, or such rule, regulation, or practice, so prescribed by the commission, shall give no advantage or preference to any such carrier in competition with any common carrier by motor vehicle subject to this Act, which the commis-

sion may find to be undue or inconsistent with the public interest and the transportation policy declared in this Act, and the commission shall give due consideration to the cost of the services rendered by such carriers, and to the effect of such minimum rate or charge, or such rule, regulation, or practice, upon the movement of traffic by such carriers. All complaints shall state fully the facts complained of and the reasons for such complaint and shall be made under oath.

Proposed schedule of charges for new services.

(3) Whenever there shall be filed with the commission by any such contract carrier any schedule stating a charge for a new service or a reduced charge, directly or by means of any rule, regulation, or practice, for the transportation of passengers in intrastate commerce, the commission is hereby authorized and empowered upon complaint of interested parties or upon its own initiative at once and, if it so orders, without answer or other formal pleading by the interested party, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such charge, or such rule, regulation, or practice, and pending such hearing and the decision thereon the commission, by filing with such schedule and delivering to the carrier affected thereby a statement in writing of its reasons for such suspension, may from time to time suspend the operation of such schedule and defer the use of such charge, or such rule, regulation, or practice, but not for a longer period in the aggregate than one hundred eighty days beyond the time when it would otherwise go into effect; and after hearing, whether completed before or after the charge, or rule, regulation, or practice goes into effect, the commission may make such order with reference thereto as would be proper in a proceeding instituted after it had become effective. If the proceeding has not been concluded and order made within the period of suspension, the proposed change in any charge or rule, regulation, or practice shall go into effect at the end of such period *provided* the carrier may voluntarily suspend such schedule, rule, regulation or practice for further periods beyond the one hundred eighty days and until the proceeding be concluded.

Hearing.

Interim orders.

Burden of proof upon carrier.

(4) At any hearing before the commission under this paragraph, the burden of proof shall be upon the carrier to show that the changed rate, fare, charge, or classification or rule, regulation or practice, or the proposed changed rate, fare, charge, or classification, or the proposed rule, regulation, or practice, is just and reasonable.

Accounts, records and reports.

SEC. 25. Accounts, records and reports. (1) The commission is hereby authorized to require annual, periodical, or special reports from all motor carriers, brokers, and lessors (as defined in this Section), to prescribe the manner and form in which such reports shall be made, and to require from such carriers, brokers and lessors, specific and full, true, and correct answers to all questions upon which the commission may deem information to

be necessary. Such annual reports shall give an account of the affairs of the carrier, brokers, or lessor, in such form and detail as may be prescribed by the commission. The commission may also require any motor carrier or broker to file with it a true copy of any contract, agreement, or arrangement between such carrier and any other carrier or person in relation to any traffic affected by the provisions of this Act. The commission shall not, however, make public any contract, agreement, or arrangement under the terms of which a contract carrier undertakes to transport passengers, or any of the terms or conditions thereof, except as a part of the record in a formal proceeding where it considers such action consistent with the public interest; *provided*, that if it appears from an examination of any such contract that it fails to conform to the published schedule of the contract carrier as required by Section 24, the commission may, in its discretion, make public such of the provisions of the contract as the commission considers necessary to disclose such failure and the extent thereof.

Annual reports.

(2) Said annual reports shall contain all the required information for the period of twelve months ending on the thirty-first day of December in each year, unless the commission shall specify a different date, and shall be made out under oath and filed with the commission at its office in Raleigh within three months after the close of the year for which the report is made, unless additional time be granted in any case by the commission. Such periodical or special reports as may be required by the commission under paragraph 1 hereof shall also be under oath, whenever the commission so requires.

Periodical or special reports.

Forms to be prescribed by Commission.

(3) The commission may, in its discretion, prescribe the forms of any and all accounts, records, and memoranda to be kept by motor carriers, brokers, and lessors, including the accounts, records, and memoranda of the movement of traffic, as well as of the receipts and expenditures of moneys; and it shall be unlawful for such carriers, brokers, and lessors, to keep any accounts, records, and memoranda contrary to any rules, regulations, or orders of the commission with respect thereto. The commission may issue orders specifying such operating, accounting, or financial papers, records, books, blanks, stubs, correspondence, or documents of motor carriers, brokers, or lessors, as may after a reasonable time be destroyed, and prescribing the length of time they shall be preserved. The commission or its duly authorized special agents, accountants, or examiners shall at all times have access to and authority, under its order, to inspect and examine any and all lands, buildings, or equipment of motor carriers, brokers, and lessors; and shall have authority to inspect and copy any and all accounts, books, records, memoranda, correspondence, and other documents of such carriers, brokers, and lessors, and such accounts, books, records, memoranda, correspondence, and other documents of any person controlling, controlled by, or under common control with any such carrier, as

the commission deems relevant to such person's relation to or transactions with such carrier. Motor carriers, brokers, lessors, and persons shall submit their accounts, books, records, memoranda, correspondence, and other documents for the inspection and copying authorized by this paragraph, and motor carriers, brokers, and lessors, shall submit their lands, buildings, and equipment for examination and inspection, to any duly authorized special agent, accountant, auditor, inspector, or examiner of the commission upon demand and the display of proper credentials.

Certain terms defined.

(4) As used in this Section, the words "keep", and "kept" shall be construed to mean made, prepared, or compiled, as well as retained; the term "lessor" means a lessor of any right to operate as a motor carrier; and the term "motor carrier," "broker," or "lessor," includes a receiver or trustee of any such motor carrier, broker, or lessor.

Orders, notices and service of process.

SEC. 26. Orders, notices and service of process. (1) It shall be the duty of every motor carrier operating under a certificate or permit issued under the provisions of this Act to file with the commission a designation in writing of the name and post office address of a person upon whom or which service of notices or orders may be made under this Act. Such designation may from time to time be changed by like writing similarly filed. Service of notices or orders in proceedings under this Act may be made upon a motor carrier by personal service upon it or upon the person so designated by it, or by registered mail, return receipt requested, addressed to it or to such person at the address filed. In proceedings before the commission involving the lawfulness of rates, charges, classifications, or practices, service of notice upon the person or agent who has filed a tariff or schedule in behalf of such carrier shall be deemed to be due and sufficient service upon the carrier.

Free transportation.

SEC. 27. Free transportation. No carrier shall, directly or indirectly, issue, give, tender, or honor any free fares except to its bona fide officers, agents, commission agents, employees, and members of their immediate families, and such persons as the commission may designate in its employ, or the employ of the motor vehicle department for the inspection of equipment and supervision of traffic upon the highways of the State: *Provided*, that motor carriers under this Act may exchange free transportation within the limits of this Section.

Depots and stations.

SEC. 28. Depots and stations. Upon notice and hearing and upon a finding by the commission that public convenience and necessity so requires, the commission is authorized and empowered to compel any motor carrier operating under the provisions of this Act and serving any municipality or town to establish and maintain a passenger depot or station for the security, accommodation and convenience of the traveling public. When two or more carriers operating under the provisions of this Act shall

serve any municipality or town, the commission is authorized and empowered to require such carriers to establish and maintain a union passenger depot or station for the security, accommodation and convenience of the traveling public, and to unite in the joint undertaking and expense of securing, erecting, constructing and maintaining such union passenger depots or station, commensurate with the business and revenue of such motor carriers, on such terms, regulations, provisions and conditions as the commission shall prescribe: *Provided*, that, whenever the commission shall require that a union depot or station shall be provided, it shall first allow the carriers required to provide such station, an opportunity to submit to the commission for approval any agreement between or among such carriers for the securing, construction, maintenance and operation of such station or depot. The commission shall approve such agreement or agreements, if the same be, in the commission's discretion, reasonable and just and in the public interest.

Union passenger stations.

Agreements for maintenance of union station.

SEC. 29. Separation of races. The commission shall require every common carrier by motor vehicle to provide separate but substantially equal accommodations for the white and colored races at passenger stations or waiting rooms where the carrier receives passengers of both races, and on all common carriers by motor vehicles operating on a route or routes over which such carrier transports passengers of both races. *Provided* that any requirement as to separate accommodation for the races shall not apply to specially chartered motor vehicles or to negro servants and attendants and their employers, or to officers or guards transporting prisoners.

Delayed payments shall bear interest at the rate of six per cent (6%) per annum.

Adjustment of losses.

SEC. 7. In the event of loss or damage by fire, lightning, windstorm, hail, or explosions resulting from defects in equipment in public school buildings and properties for the local school units, "The Fund" shall pay the loss in the same proportion as the amount of insurance carried bore to the valuation of the property at the time it was insured, but not exceeding the amount which it would cost to repair or replace the property with material of like quality within a reasonable time after such loss, not in excess of the amount of insurance provided for said property, and not in excess of the amount of such loss which "The Fund" is required to pay in participation with fire insurance companies having policies of insurance in force on said properties at the time of the loss or damage, and "The Fund" shall not be liable for a greater proportion of any loss than the amount of insurance

thereon shall bear to the whole insurance covering the property against the peril involved.

Determination of amount of loss by appraisers upon disagreement between State Board and local officials.

In the event of loss or damage by fire, lightning, windstorm, hail, or explosions resulting from defects in equipment in public school buildings and properties for the local school units, to the property insured, when an agreement as to the extent of such loss or damage cannot be arrived at between the State Board of Education and the local officials having charge of the said property, the amount of such loss or damage shall be determined by three appraisers; one to be named by the State Board of Education; one by the local governing board having charge of the property, and the two so appointed shall select a third—all of whom shall be disinterested persons, and qualified from experience to appraise and value such property. The appraisers so named shall file their written report with the State Board of Education, and with the local governing board having such property in charge. The costs of the appraisal shall be paid by "The Fund". When approved by the State Board of Education, the amount of such loss or damage to school property in the control of the county administrative unit shall be paid to the county treasurer, and the amount of loss or damage to property of a city administrative unit shall be paid to the treasurer of said unit upon proper warrant of the State Board of Education. Maintenance of inspection and engineering service by State Board of Education.

SEC. 9. The State Board of Education is authorized and empowered to maintain an inspection and engineering service deemed by it appropriate and necessary to reduce the hazards of fire in public school buildings insured in "The Fund", as hereinbefore provided, and to expend for such purpose not in excess of ten per cent (10%) of the annual premiums collected from the local school authorities. The State Board of Education is hereby authorized and empowered to cancel any insurance on any school property when, in its opinion, because of dilapidation and depreciation such property is no longer insurable. Compact amended.

WHEREAS, the said compact has been amended in certain respects, a copy of which compact as amended is as follows:

The Regional Compact, as amended.

THE REGIONAL COMPACT

(As amended)

WHEREAS, the states who are parties hereto have during the past several years conducted careful investigation looking toward the establishment and maintenance of jointly owned and operated regional educational institutions in the southern states in the professional, technological, scientific, literary and other fields, so as to provide greater educational advantages and facilities for the citizens of the several states who reside within such region; and

WHEREAS, Meharry Medical College of Nashville, Tennessee, has proposed that its lands, buildings, equipment, and the net income from its endowment be turned over to the southern states, or to an agency acting in their behalf, to be operated as a regional institution for medical, dental and nursing edu-

cation upon terms and conditions to be hereafter agreed upon between the southern states and Meharry Medical College, which proposal, because of the present financial condition of the institution, has been approved by the said states who are parties hereto; and

WHEREAS, the said states desire to enter into a compact with each other providing for the planning and establishment of regional educational facilities;

NOW, THEREFORE, in consideration of the mutual agreements, covenants and obligations assumed by the respective states who are parties hereto (hereinafter referred to as "States"), the said several states do hereby form a geographical district or region consisting of the areas lying within the boundaries of the contracting states which, for the purposes of this compact, shall constitute an area for regional education supported by public funds derived from taxation by the constituent states and derived from other sources for the establishment, acquisition, operation and maintenance of regional educational schools and institutions for the benefit of citizens of the respective states residing within the region so established as may be determined from time to time in accordance with the terms and provisions of this compact.

The states do further hereby establish and create a joint agency which shall be known as the Board of Control for Southern Regional Education (hereinafter referred to as the "Board"), the members of which board shall consist of the governor of each state, ex officio, and three additional citizens of each state to be appointed by the governor thereof, at least one of whom shall be selected from the field of education. The governor shall continue as a member of the board during his tenure of office as governor of the state, but the members of the board appointed by the governor shall hold office for a period of four years except that in the original appointments one board member so appointed by the governor shall be designated at the time of his appointment to serve an initial term of two years, one board member to serve an initial term of three years, and the remaining board member to serve the full term of four years, but thereafter the successor of each appointed board member shall serve the full term of four years. Vacancies on the board caused by death, resignation, refusal or inability to serve, shall be filled by appointment by the governor for the unexpired portion of the term. The officers of the board shall be a chairman, a vice chairman, a secretary, a treasurer, and such additional officers as may be created by the board from time to time. The board shall meet annually and officers shall be elected to hold office until the next annual meeting. The board shall have the right to formulate and establish bylaws not inconsistent with the provisions of this compact to govern its own actions in the performance of the duties delegated to it including the right to

create and appoint an executive committee and a finance committee with such powers and authority as the board may delegate to them from time to time. The board may, within its discretion, elect as its chairman a person who is not a member of the board, *provided* such person resides within a signatory state, and upon such election such person shall become a member of the board with all the rights and privileges of such membership.

It shall be the duty of the board to submit plans and recommendations to the states from time to time for their approval and adoption by appropriate legislative action for the development, establishment, acquisition, operation and maintenance of educational schools and institutions within the geographical limits of the regional area of the states, of such character and type and for such educational purposes, professional, technological, scientific, literary, or otherwise, as they may deem and determine to be proper, necessary or advisable. Title to all such educational institutions when so established by appropriate legislative actions of the states and to all properties and facilities used in connection therewith shall be vested in said board as the agency of and for the use and benefit of the said states and the citizens thereof, and all such educational institutions shall be operated, maintained and financed in the manner herein set out, subject to any provisions or limitations which may be contained in the legislative acts of the states authorizing the creation, establishment and operation of such educational institutions.

In addition to the power and authority heretofore granted, the board shall have the power to enter into such agreements or arrangements with any of the states and with educational institutions or agencies, as may be required in the judgment of the board, to provide adequate services and facilities for the graduate, professional, and technical education for the benefit of the citizens of the respective states residing within the region, and such additional and general power and authority as may be vested in the board from time to time by legislative enactment of the said states.

Any two or more states who are parties of this compact shall have the right to enter into supplemental agreements providing for the establishment, financing and operation of regional educational institutions for the benefit of citizens residing within an area which constitutes a portion of the general region herein created, such institutions to be financed exclusively by such states and to be controlled exclusively by the members of the board representing such states *provided* such agreement is submitted to and approved by the board prior to the establishment of such institutions.

Each state agrees that, when authorized by the legislature, it will from time to time make available and pay over to said

board such funds as may be required for the establishment, acquisition, operation and maintenance of such regional educational institutions as may be authorized by the states under the terms of this compact, the contribution of each state at all times to be in the proportion that its population bears to the total combined population of the states who are parties hereto as shown from time to time by the most recent official published report of the Bureau of the Census of the United States of America; or upon such other basis as may be agreed upon.

This compact shall not take effect or be binding upon any state unless and until it shall be approved by proper legislative action of as many as six or more of the states whose governors have subscribed hereto within a period of eighteen months from the date hereof. When and if six or more states shall have given legislative approval to this compact within said eighteen months period, it shall be and become binding upon such six or more states sixty days after the date of legislative approval by the sixth state and the governors of such six or more states shall forthwith name the members of the board from their states as hereinabove set out, and the board shall then meet on call of the governor of any state approving this compact, at which time the board shall elect officers, adopt bylaws, appoint committees and otherwise fully organize. Other states whose names are subscribed hereto shall thereafter become parties hereto upon approval of this compact by legislative action within two years from the date hereof, upon such conditions as may be agreed upon at the time. *Provided, however,* that with respect to any state whose constitution may require amendment in order to permit legislative approval of the compact, such state or states shall become parties hereto upon approval of this compact by legislative action within seven years from the date hereof, upon such conditions as may be agreed upon at the time.

After becoming effective this compact shall thereafter continue without limitation of time; *provided, however,* that it may be terminated at any time by unanimous action of the states and *provided further* that any state may withdraw from this compact if such withdrawal is approved by its legislature, such withdrawal to become effective two years after written notice thereof to the board accompanied by a certified copy of the requisite legislative action, but such withdrawal shall not relieve the withdrawing state from its obligations hereunder accruing up to the effective date of such withdrawal. Any state so withdrawing shall ipso facto cease to have any claim to or ownership of any of the property held or vested in the board or to any of the funds of the board held under the terms of this compact.

If any state shall at any time become in default in the performance of any of its obligations assumed herein or with respect to any obligation imposed upon said state as authorized by

The Regional Compact (cont'd).

and in compliance with the terms and provisions of this compact, all rights, privileges and benefits of such defaulting state, its members on the board and its citizens shall ipso facto be and become suspended from and after the date of such default. Unless such default shall be remedied and made good within a period of one year immediately following the date of such default this compact may be terminated with respect to such defaulting state by an affirmative vote of three-fourths of the members of the board (exclusive of the members representing the state in default), from and after which time such state shall cease to be a party to this compact and shall have no further claim to or ownership of any of the property held by or vested in the board or to any of the funds of the board held under the terms of this compact, but such termination shall in no manner release such defaulting state from any accrued obligation or otherwise affect this compact or the rights, duties, privileges or obligations of the remaining states thereunder.

IN WITNESS WHEREOF this compact has been approved and signed by governors of the several states, subject to the approval of their respective legislatures in the manner hereinabove set out, as of the eighth day of February, 1948.

H. R. 723 RESOLUTION 27

A JOINT RESOLUTION RELATING TO THE ADMINISTRATION OF AID TO THE BLIND.

Preamble: The value of sight to humanity.

WHEREAS, all of our social institutions, customs, concepts, and activities, equipment and instruments of living are planned for a seeing world, and sight is essential for their full appreciation and enjoyment; and

Physical problems of blindness.

WHEREAS, the physical problems of blindness involve a severe strain upon the vitality, the nervous system and mental balance, which often results in a complete physical, moral and spiritual collapse; and

Social and economic problems of blindness.

WHEREAS, the social and economic problems of blindness present great difficulties resulting from the necessity of re-education and readjustment to a life without sight and the feeling of self-confidence, independence, and security; and

Services rendered by State for assistance to the blind.

WHEREAS, the State of North Carolina through the agency of the State Commission for the Blind, the State Association for the Blind, with a membership of more than 9,000 persons from every walk of life and from all of our 100 counties, the 169 Lions Clubs of our State, with a total membership of approximately 10,000 public spirited citizens, have for many years rendered outstanding service to the visually handicapped and blind persons of our State, having provided by their joint and cooperative efforts eye examinations, treatment, operations, glasses, rehabilitation and other assistance for many thousands of indigent persons of our State; and

Contributions by Lions Clubs of State.

WHEREAS, for these services the Lions Clubs of our State have contributed to the State Commission for the Blind, during the past two years the sum of $61,328.94 for statewide services, in addition to a much larger sum expended by said clubs locally; and

Expenditures for services by State Association for the blind.

WHEREAS, for like services the State Association for the Blind expended during said period, through the State Commission for the Blind the sum of $31,921.24 for statewide services for the purpose of equalizing service throughout the State and supplementing the services rendered by the local Lions Clubs, and providing services in communities that were not served by Lions Clubs; and

Consideration by U. S. Congress of allocation to States of Federal Public Assistance Funds; condition.

WHEREAS, H. R. 2892 is now being considered by the Ways and Means Committee of our National Congress, which provides by Section 1407, Subsection (a) that Federal Public Assistance Funds shall be allocated to states upon condition that said funds be administered by one State agency; and

WHEREAS, the North Carolina State Commission for the Blind, which agency since 1935 has administered all governmental sponsored services for the blind, the State Association for the Blind and the Lions Clubs of North Carolina, as expressed by and through the District Governors of Lions International, have all stated their unalterable opposition to the transfer of aid to the blind to a single State agency because the administration of aid to the blind by one central agency for the blind co-ordinates and correlates all services with the more important services of prevention of blindness, conservation of sight, restoration of vision, and rehabilitation resulting in the greatest service to all blind people and the most efficient and economic administration for the State,

Opposition of State agencies, etc., to administration of aid to blind by single agency.

Now, therefore, be it resolved by the House of Representatives, the Senate concurring:

SECTION 1. That the General Assembly of North Carolina do hereby petition the North Carolina Senators and Representatives in Congress to use every means at their command to have stricken from H. R. 2892 the following provisions of Section 1407 - State Public Welfare Plans: "(a) (1) provide (A) for the establishment or designation of a single State agency to administer or to supervise the administration of the plan" and "(b) The Administrator shall approve any plan which fulfills the conditions specified in Subsection (a), except that there shall not be at any one time more than one approved plan under this title for any one State" and thus retain the present provisions of Title X of the Social Security Act, as amended, which permits the administration of aid to the blind by the North Carolina State Commission for the Blind, the agency created by the 1935 General Assembly and further empowered by the 1937 General Assembly to render all governmental sponsored services for the blind.

N. C. delegation in U. S. Congress urged to retain provisions of Social Security Act, authorizing continuation of present system of administration.

SEC. 2. That copies of this Resolution be sent to the North Carolina Senators and Representatives in Congress.

A JOINT RESOLUTION REQUESTING UNITED STATES SENATORS FROM NORTH CAROLINA AND MEMBERS OF THE HOUSE OF REPRESENTATIVES IN CONGRESS FROM NORTH CAROLINA TO GIVE THEIR SUPPORT TO FEDERAL LEGISLATION CONFIRMING THE TITLE OF THE SEVERAL STATES OF THE UNION TO SUBMERGED LANDS WITHIN THEIR BORDERS AND PROTECTING THE TITLE, OWNERSHIP AND RIGHTS OF THE SEVERAL STATES THEREIN.

Preamble: Declaration of eastern limit and boundary of State of North Carolina on Atlantic Seaboard.

WHEREAS, by Chapter 1031 of the Session Laws of 1947, the General Assembly of North Carolina enacted a statute which declared that the eastern limit and boundary of the State of North Carolina on the Atlantic seaboard, having always been, since the Treaty of Peace with Great Britain in 1783 and the

Declaration of Independence of July 4, 1776, one marine league eastward from the Atlantic seashore, measured from the extreme low-water mark, and declaring that the said boundary should remain fixed as it always had been, one marine league eastward from the seashore of the Atlantic Ocean bordering the State of North Carolina, measured from the extreme low-water mark of the Atlantic Ocean seashore aforesaid, and declaring that this State shall continue, as it always had, to exercise jurisdiction over the territory within the littoral waters and ownership of the lands under the same within the boundaries of the State, subject only to the jurisdiction of the Federal Government over navigation within such territorial waters, and said Act further called upon the Governor and the Attorney General to take all such action as might be found appropriate to defend the jurisdiction of the State over its littoral waters and the ownership of the lands beneath the same; and

Jurisdiction over territory within littoral waters, etc.

WHEREAS, the large area of land beneath the inland sounds and tributary streams in Eastern North Carolina and the large area of land beneath the ocean and within one marine league of the Atlantic seaboard of the North Carolina coast forms an integral and important part of the landed area of this State which is held in trust for the benefit of all the people of the State; and

WHEREAS, the protection of the State's jurisdiction and authority over said land and waters is vital and necessary to the economy of the State, in particular regard to the large fishing interests of the State; and

WHEREAS, the fishing interests of the State could be destroyed by failure to protect the entrance of migratory fish through the several inlets entering into North Carolina waters from the Atlantic Ocean, which the State has always protected by laws against practices which would destroy the entrance of migratory fish into our inland sounds and tributary waters; and

WHEREAS, a decision of the Supreme Court of the United tates entitled "Toomer v. Whitsell" (334 U. S. 385) decided in 1948, the Supreme Court of the United States held that the power of the State to regulate fishing in the marginal sea area within its boundaries may be exercised only "in absence of conflicting Federal claim", basing its decision upon the former case of United States v. California (332 U. S. 19); and

U. S. Supreme Court decision regarding power of State to regulate fishing in marginal sea area.

WHEREAS, the President of the United States has heretofore issued an executive order, authorizing the Secretary of State and the Secretary of the Interior to recommend the establishment of zones for Federal regulation and control of fishery resources and fishing activities in those areas of the high seas contiguous to the coast of the United States, and the Department

Legislation before U. S. Congress.

WHEREAS, the Federal Executive Agencies have introduced in Congress and are attempting to speed the passage of legislation declaring Federal ownership and control of the marginal seas on all the coastal states; and

Legislation presents challenge to jurisdiction of State.

WHEREAS, such legislation presents a serious challenge to the time-honored jurisdiction and control of the State of North Carolina over its inland and coastline tidelands, overthrowing more than one hundred and fifty (150) years of established precedent and legislation enacted by this and other states protecting said waters and exercising jurisdiction thereover:

WHEREAS, the cities and towns of this State are asking the General Assembly now in session to allocate to them a definite part or percentage of the highway revenues allocated by the State to be used by the municipalities in the construction and maintenance of streets therein which are not on the highway system; and

The commission shall make a careful and complete study of all the facts and factors which should enter into the question as to the just and proper sharing by the State with its cities and towns of its highway revenues to be used in the construction and maintenance of streets which are located within the municipalities: Whether such sharing should be by further allocations of funds to the municipalities on a percentage basis of highway revenues or by definite appropriations therefor or by the maintenance and construction by the State of streets within the municipalities or by any other means which may be considered by the commission to be a just and proper approach to this problem.

Duties of commission.

SEC. 3.
